

FAMILY DEVOTIONAL

The Goal:

At Champions Centre, one of our core beliefs is that we think 3. That means we don't just think about ourselves—we think about the next generation and the one after that. That's why we encourage families of all kinds to include everyone at home in conversations about Legacy Offering.

Whether you have young kids, teens, or even adult children living at home, this is a chance to walk through the journey together. We want each person to know they can ask God what role He wants them to play in the future vision of our church. As you take these steps as a family, you'll all grow in understanding of God's heart for generosity. It's a powerful faith-building opportunity for your household today, and for generations to come.

When To Do It:

Pick a time that works best for your family and make it a weekly non-negotiable. It doesn't have to be long—just about 15 minutes. You could gather after dinner, over breakfast, or even before bedtime.

What You Need:

We've made this simple and family-friendly. All you need is this guide and a Bible. Don't have one? You can access digital versions easily. The YouVersion app or bible.com are great tools. For clarity and ease of reading, we recommend the New Living Translation (NLT).

How to Engage the Whole Family:

This is meant to be an activity for everyone under your roof. Invite your children, teens, or young adults into the spirit of generosity and the vision God has for your family's future. Let each person feel like they are part of the plan.

- Take turns reading the Bible passage together.
- Encourage every voice by calling on each family member by name.
- Share openly, and you'll find it helps others open up too.
- As a family, come up with a simple action step you can live out during the week.
- Close in prayer, giving everyone a chance to pray out loud if they're comfortable.

This is more than a family exercise, it's an investment in faith that will shape today and tomorrow.
